Safety Data  
Sheets

FULL SDS BOOK BEHIND  
THIS SHEET

**CAMEO ALUMINUM & STAINLESS STEEL CLEANER** (*stainless steel sinks & water fountains*)

Use sponge & paper towel to clean.  
Apply with sponge and make a paste.  
Rinse well and wipe dry with paper towel.  
Use an orange or **green** rag to dry & polish.

**LIQUID COMET DEODORIZING CLEANSER WITH BLEACH** (*porcelain sinks*)

Use sponge & paper towel to clean at least 1 time per week.  
Apply with sponge and make a paste.  
Rinse well and wipe dry with paper towel  
Use orange or **green** rag to dry & polish.

**GROUND OUT** (*hard surface floors*)

Use damp mop head  
Mix 1 oz. (one pump) with 1 gallon hot water in mop bucket  
Rinse bucket clean after use.

**ENVY FOAMING DISINFECTANT CLEANER** (*offices, high touch points, restrooms*)

Use **red** rag for use in offices & high touch points – door knobs, phones, etc.  
Use paper towels in bathrooms – sinks, base of toilets, urinals, handles, dispensers, trash cans  
Three (3) minute dwell time

**CREW NEUTRAL NON-ACID DISINFECTING BATHROOM CLEANER** (*toilets*)

Use toilet bowl brush.  
Squirt on brush and use inside toilets and urinals. Leave for three (3) minutes.  
Three (3) minute dwell time

**DEEP GLOSS STAINLESS STEEL CLEANER POLISH** (AEROSOL)-oil based (*stainless steel*)

Use yellow rag. Spray on **yellow** rag and wipe on stainless steel surface.  
Do not overspray – overspray will leave the floor slippery.  
Use on stainless steel elevator doors, door plates, and bathroom dispensers.

**END BAC II DISINFECTANT**

Spray product on area needing to be disinfected and leave for ten (10) minutes.  
Wipe dry with **red** rag.  
Ten (10) minute dwell time

**GLANCE GLASS & MULTISURFACE CLEANER** (*general cleaning & dusting*)

Use **green** rag. Spray product on rag, wipe area clean.  
Use on mirrors by spraying on rag and wiping dry. **DO NOT USE WITH SHINY BLUE RAG.**
