Central Bank of Kansas City does not administer nor is liable for the Payactiv App or Earned Wage Access.

¹ Many (but not all) employers, government benefits providers, and other originators send direct deposits early with an effective date of 1-4 days later. Beginning with your second direct deposit of at least \$5 from the same source, Central Bank of Kansas City (CBKC) will post the funds to your Payactiv Visa Prepaid Card when we receive it, rather than on the effective date. This may result in your having access to the funds sooner. The date CBKC receives your direct deposit and the effective date are controlled by the originator.

² Earned Wage Access requires employer participation. Employees can only access a portion of the wages they have earned to date.

³ To qualify, you must have one (1) successful direct deposit of \$200 or more to the Payactiv Visa Card per pay period. If this qualification isn't met, then a load fee of \$2.49 will be charged.
